

A Dark Traveling (Millennium Book 3)

An ordinary fourteen year-old, James Wiley has lost his scientist father to a parallel world in the darkbands. With the help of Becky, his sister with magic powers, Barry the exchange student and Uncle George, the werewolf, James goes in search of his parent. But he must take care: for if there just happens to be a full moon at the wrong moment, James itchy palms might lead him into trouble... The Millennium books are novels for older readers from the very best science fiction and fantasy writers.
