

A Mans Guide to Getting it Wrong

It is a truth universally acknowledged that a man in possession of a good relationship must be in want of screwing it up royally. Whether it is because men simply do not know when to keep their mouths shut or due to an unhealthy obsession with his own genitalia, men are by far the weaker sex. And dont we just know it? Were not talking about the scumbags, the sleazebags, the bullies or the drunks. They dont deserve their own story. Were talking about the man fully committed to his wife or girlfriend, the woman he puts first, the person who, despite his best efforts, will be annoyed with him at least twice a week. Forever.
