

Do you feel that there should be a name tag stamped on your forehead labelled socially awkward? Do you believe that every interaction you have is more and more uncomfortable than the last? This book lays out causes and methods to prevent those awkward social conversations that many of us partake in. An array of topics are thoroughly analyzed and broken down in this book including eye contact, smiling, appropriate humor, anxiety control, and many more. There is also a section on how to deal with those imminent few seconds of awkward silence in a conversation that can make you want to fall into the depths of the Earth. Without giving too much away, if two people are comfortable in these moments of silence, it can actually strengthen a relationship. If you find yourself unsure and hesitant in social situations, this is the book for you. Real life examples are included here to further demonstrate the importance of certain issues such as alcohol consumption and confidence. Read the book to really refine your social skills and be able to talk to anybody in any situation.

British Warships of the Second World War (Blueprint Series (Annapolis, MD.)), Heres the Pitch: How to Pitch Your Business to Anyone, Get Funded, and Win Clients, The Beach Girls, Kate, Fundamentals of Enterprise Risk Management, Chapter 14: Leadership Risk - Joe Plumeris Passionate Principles of Leadership Case, The Mass: The Holy Sacrifice - Catholic Life, Stew Leonards Winning Recipes, The Science of Persuasion: A Litigators Guide to Juror Decision-Making, Standard Conditions of Commercial Contracts: Drafting, Reviewing, Negotiating (Thorogood Reports),
