

Carribean Flavors From Daves Kitchen: A Taste of Purto Rican Cuisine

This book is based on Puerto Rican food recipes that have been handed down to me from previous generations in my family. I learned these recipes from my beloved mother who always created something interesting for our table. These are comfort foods that can be made with few ingredients and minimal effort. It brought me great pride and joy in its composition. I hope that you and your family will enjoy its contents as much as I did in its creation. Puerto Rican cuisine is centered around the family unit and the appreciation of having a wonderful meal that has been made with love. Blessings and Enjoy
