

Casted (The Casted Series Book 1)

Jade had spent the majority of her life running from the Triad. The Triad, are a powerful group, who would stop at nothing to obtain Jade and the missing spell book for leader, Lorenzos, nefarious plans. And now that she has absorbed the highly coveted magic contained inside the missing book, there is nowhere left for her to hide. With the help of her friends, Jade steps out from the shadows and learns how to fight back. But no one is prepared for Elinor-the woman bound inside of the book that's trapped in Jades mind. Now she not only needs to protect herself from the Triad, but from what's hiding inside her mind as well. Jade never expected the answer to it all would revolve around love. Edge is dark, mysterious, and a sworn member of the Triad. He also hides a secret past that threatens the thin line he walks between good and evil. Lives are at stake when Jade and Edges two worlds collide. Can Jade learn to trust him when he says he is her pre-ordained and vows to do everything he can to protect her? But more importantly, can she trust herself and the woman in her mind?
