

Dark Demon Rising: Whisperings Paranormal Mystery book seven

What would you think if you woke in an unfamiliar place, with no memory of how you got there? Suppose its a dream, and pinch yourself? What if you cant pinch yourself? I have to rely on my ghostly buddies and a fake clairvoyant to help me solve a personally harrowing mystery and just when we think weve found the guilty party, the game changes. The real culprits convoluted plan is diabolical and shooting me was the first step. The next step could change the Gelpha world, and that would be just the start. Poor Royal. Hes tolerated my interaction with dead people but never been happy with it. Now he has to take a real leap of faith. Now, if he wants to save my life and protect the future of three worlds, he has to believe.
