

## Divinity Circuit (Senyaza) (Volume 5)

Once hed been an idealist... When Marleys old flame Corbin left town on the trail of a murderer, theyd been friends. When he comes back again a year later, things are different. The hunt has changed Corbin: hes lost weight, learned new magic, and he seems to hate everything he once cherished: the nephilim corporation Senyaza, his friends and family, Marley... He wasnt the only one... As the worlds only Artificer, Branwyn has a waiting list a mile long. Life is great! Until she finds out one of her creations is in the hands of a murderous angel. Recovering the device will involve tangling with faeries and wizards, and allying with an entire coterie of monsters, including the monster she hates most in the world... But dreams have a price.
