

Randy Brown a junior in high school finds himself going to school in San Francisco, California after living in Texas. He lives in a house right across from the beach by himself. His father is an entrepreneur who owns a manufacturing plant in China where he spends most of his time. Going to a new school is always a challenge for any student but being 6 foot six made it even more trying because he stood out. Green Bear High School is a green high tech technology school. The students come from wealthy families and are rejects from other schools. Randy comes to the school creating several problems for the students and faculty by challenging the status quo of clicks. Being very intelligent he ends up sitting and associating with the geeks in the school. With his athletic abilities the elite athletes in the school challenge him trying to figure out why he hangs out with the geek squad. With his good looks and athletic body he attracts Rachel whose family is very wealthy.
