

## Lesseks Key: The Eldarn Sequence Book 2

The Larion spell table has been dormant for nearly a thousand Twinmoons. It waits in a forgotten chamber in Sandcliff Palace, the abandoned Larion Senate stronghold on Eldarns North Sea. The spell table holds the power to see the people of the five lands safely through the oppression and brutality that have haunted them for generations, but without Lesseks key it is a worthless slab of granite - and Lesseks key itself is just a nondescript stone Steven Taylor and Mark Jenkins overlooked on the night they fell through the far portal into Eldarn. Retrieving the key and freeing Eldarns people rests with Steven Taylor, the would-be sorcerer from Colorado, who is racing across America with Nerak, the fallen Larion dictator, hot on his heels. Steven must reach Idaho Springs and find Lesseks key before it falls into Neraks hands and is lost for ever - and with it, the lives of untold millions, in both of Stevens worlds.
