

Mind Tamer

Hes different. And hes definitely trouble... Lyssa Logan has an uncanny ability to know exactly what youre thinking, and she can solve crimes before they actually happen. Lately, however, shes been having a few issues. Brutal headaches, power fluctuations, possibly losing her grip on reality. Oh, and she appears to have stopped aging... The moment Kyros Vassalos sees Lyssa, he knows shes one of his kind. No hocus-pocus, no voodoo. Theyre just very rare extra-sentient beings with the extraordinary ability to unlock the full potential of the mind. Now he must teach Lyssa to control her power...before it overwhelms and destroys her. Lyssa is pretty sure Kyros is trouble. Hot, leather-pants-wearing trouble. But shes running out of time. And once she steps into Kyross world, theres no going back...
