

Spur of the Moment

Best-selling author Bronwyn Chase never quite fit in with the modern world. On a publicity trip to New York City, a mysterious woman claiming to be a mystic from Bronwyn's past gives her a silver knight's spur. Asked to save a man she never knew existed, Bronwyn finds herself transported to 12th-century Cornwall. Landing at the feet of an entranced Euric, she discovers the instant connection she feels to him comes from a midsummer rite gone horribly awry on the eve of her birth. Forced to face a dark witch who plans to use Euric for her own nefarious ends, Bronwyn summons her own mystical birthright to free him.
