

## Venomous Snakes: Snakes in the Terrarium (Vol 2)

Finally available in English, this completely revised and expanded edition contains full descriptions of 171 different species and utilizes 129 color pictures. The behavior and care in captivity of venomous snakes from the families Elapidae (cobras, kraits, and coral snakes), Viperidae (adders and vipers), and Crotalidae (pitvipers), are comprehensively discussed. Subspecies and color variations are carefully detailed. It is an essential reference for all veterinary clinics; zookeepers; and herpetoculturists.
